Pacifica Chamber Orchestra donates outreach in Everett

ARTISTIC DIRECTOR'S MESSAGE

Dear Friends,

Welcome to our 2023-24 season of musical adventures with Pacifica Chamber Orchestra. We are committed to bringing mostly twentieth and twenty-first century master pieces to the community with highest performance quality. We promote local and international living composers' music with great enthusiasm. For the upcoming season, we have scheduled one woman composer for every concert. PCO is one of the few orchestras in the Northwest that donates outreach concerts to schools every year. We believe our next generation, especially in the under-served communities, deserves the exposure to a large spectrum of classical music. With your support, we continue to serve and enrich the community with energetic, refreshing and passionate music.
